

Time Budget

Name: _____ Date: _____

Time of day: Morning: _____ Afternoon: _____ Evening: _____

Frequency of Activities

Time	Animal #1	M / F / J	Animal #2	M / F / J	Animal #3	M / F / J
0 min.						
3 min.						
6 min.						
9 min.						
12 min.						
15 min.						
18 min.						

In the top bar of the chart, circle whether the animal is male (M), female (F), or juvenile (J). Create a code for the most common activities, and use it to fill in the chart. (Note: The code below is for the hippopotamus. Students should create a new code that reflects the behavior of their animals.)

- R – Resting in water
- S – Submerged under water
- F – Fighting in water
- Z – Sleeping on land
- G – Grazing on land
- W – Walking on land
