

## Habitats & Communities: Our Schoolyard Habitats

1. Record the plants and animals found in your habitat.

Plants	Animals

2. Draw a picture of your habitat with both the plants and animals (or signs of animals) found there, as well as nonliving components.

## Habitats & Communities: Our Schoolyard Habitats

3. Are the animals using the plants? How? Do plants seem to need the animals? If so, how?

Describe ways that the plants and animals depend on one another.

# Habitats & Communities: Our Schoolyard Habitats

Name \_\_\_\_\_ Date \_\_\_\_\_

Time \_\_\_\_\_

Name of Square of Life \_\_\_\_\_

Current Weather \_\_\_\_\_

Question I am trying to answer \_\_\_\_\_

1. Carefully draw a picture of your home habitat. What do you need to survive? Be sure to include these things in your drawing.

## Habitats & Communities: Our Schoolyard Habitats

2. Describe how your needs are met in your home habitat.
